(Sheppard Ave. & Morningside Ave.)

A fully inclusive worship experience for the whole community!

Morningstar Christian Fellowship is the main partnering church of the Abilities Ministries which is hosting an *Abilities Outreach* for the purpose of equally inviting and including people with disabilities within their regular worship services as a church. The Abilities Ministries has been recognized as a leader in protecting and promoting the rights and choices of people with disabilities to equally participate within the whole community and church. We have received many endorsements and commendations from major community and faith based organizations. Participants from over 30 accessibility organizations from across the Greater Toronto Area have participated with us at our accessibility events and worship services at partnering churches. Inclusion is a human right and Biblical mandate that includes the whole community and begins with you. *Abilities Outreaches* are modelled after Christ 3 fold mandate of inclusion in Luke 14 where He commands us to invite, bring and compel people with disabilities to come to all our gatherings. Worship with us every Sunday at Morningstar at either 9am or 11am. Let's Integrate!
